Amtech Sweat

Art nr: 1000460

Previous art. nr: 8879-99

Technical second layer in moisture-transporting 4-way stretch material providing warmth without compromising with freedom of movement. With its athletic fit, it's perfect as a lightweight reinforcement piece under the ski jacket or solitaire during outdoor activities in milder weather. Softly brushed inside for optimal comfort and faster moisture-transport. Full-length zipper from YKK®, when pulled all the way up, the neck is protected against snow and cold. The zippered chest pocket is made of ultralight and extremely durable fabric with graphene. Minimalistic profiling with printed "8" on the chest and small printed logo on the sleeve.

Information

Material	Main fabric: 92% Polyester, 8% Spandex
Weight	Fabric weight: 308 g/m ²
Sizes	S, M, L, XL, XXL
