

ARGOS Safety Glasses

Art nr: 1001642

Previous art. nr: ARG102

Protective and comfortable safety glasses (EN166) offering optical clarity optimized for long workdays. Premium protection against fogging and scratches ensures that these safety glasses have a longer lifespan and can be used in challenging environments. The slim temples ensure minimal noise leakage when used with hearing protection. Wide panoramic coverage with a comfortable and flexible nose bridge, and angled temples designed to fit the helmet size adjuster.
