

EAN:	4013288233103	Size:	130x45x23 mm
Part number:	05005552001	Weight:	88 g
Article number:	8790 B Impaktor Deep	Country of origin:	TW
		Customs tariff number:	82042000

- Robust Impaktor sockets for extremely high stress; for use with electric or pneumatic wrenches with 3/8" drive
- Long sockets for low lying couplings, also suitable for fitting, protruding thread rods in confined spaces
- Hexagon profile for precise and profile-friendly screwdriving at high power transmission
- With Take it easy tool finder: colour coding by size
- With cross hole and ring socket to attach the safety pin and safety ring of machine operated tools

Long Impaktor socket for use with electric or pneumatic wrenches with 3/8" drive. Also usable at low-lying couplings and protruding thread rods. The Impaktor technology ensures higher-than-average service life even at extreme requirements. With Take it easy tool finder with colour coding by size - for quick and easy identification of the required tool. With hexagon profile and socket with hole. The hexagon profile offers the transmission of high forces and loads the edges of the bolt or the screw head less than a double hexagon profile. For external hexagon bolts and screws.

Sockets 3/8"

For electric or pneumatic wrenches

The extremely robust forged design ensures higher-than-average service life of the Impaktor sockets even at extreme requirements.

Long design

Thanks to the long design of the sockets, even couplings in tight spaces can be reached. Screwdriving at protruding thread rods can also be possible.

Cross hole and ring socket

Thanks to the hole and the ring socket, the tools can be held securely on the power tool with a safety pin or an O-ring.

Profile-friendly power transmission

The hexagon profile offers the transmission of high forces and loads the edges of the bolt or the screw head less than a double hexagon profile. Fine-toothed ratchets also make use of a double hexagon profile superfluous, even in confined spaces, thanks to their small return angle.

Take it easy tool finder system

Take it easy tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).
